

# TEXAS STAR DX 800V *SHO*

## HIGHER OUTPUT - MAXIMUM FEATURES - CLASSIC STYLING

Achieve the ultimate power from four (4) Toshiba 2SC2879's without losing your cool using this sleek new all-in-one design.

### Features include:

- 4 Toshiba 2SC2879 power transistors utilizing Super High Output circuitry
- Class AB or Class C operation
- Selectable variable power
- Receive pre-amp
- Switchable delay
- Large internal fan built into heavy duty top cover for maximum cooling
- 230°F high temperature thermal bypass switch
- 115°F thermal switch turns fan on automatically
- Rocker switch allows Fan On or Auto control
- Laser cut aluminum black powder coated nameplate with blue lighting
- Laser cut stainless steel back plate
- Lighted color pushbutton switches
- Meter lights brighter on transmit (Positive indicator shows unit is transmitting)
- Meter with scale for Relative RF Output or Battery Voltage
- .8 amp fused radio connector prevents accidental excessive RF into unit
- Optional remote control head available
- Measures 4-5/8" (H) x 7-3/4" (W) x 13-5/8" (D) and weighs 10.88 pounds

IT'S **SHO**-TIME
