

High Performance

Basic Features

Simple, Clean Design

Introducing The New

Galaxy

DX 29HP

10 Meter Mobile Radio
with Dual MOSFET finals

❖ High Performance using Dual MOSFET Finals (same power as the DX 33HP₂)

❖ Basic Features with no Echo - Not everyone wants it, so why pay for it?

❖ Simple, Clean Design with separate Mic Gain and RF Gain controls for ease of operation

Highlights:

Dual IRF520 MOSFETs as finals

Front Mic Jack

Independent Mic Gain and RF Gain Controls

Variable Dimmer Control

Three Year Warranty

Other Notable Features:

Blue Lighting on Meter, RX/TX and Channel Display

Two-position Power Output Switch (Both levels are internally adjustable)

Talkback Circuit with On/Off switch is included for use with echo microphones or if an echo circuit is added later
